2. Key Centre Policies

Centre Priorities/Statement of Purpose

Please refer to the centre Quality Improvement Plan

3. Curriculum

Framework used: Early Years Learning Framework

- Core Values - Please refer to the centre Quality Improvement Plan for our Statement of Philosophy. Our philosophy is underpinned by our Vision:
 - We are a welcoming, innovative and inclusive service where young children, families and community members wonder, explore, create and develop knowledge and skills so that children reach their full potential in learning, health and wellbeing.
- Specific curriculum approaches
 - A holistic play based program in which children's learning and wellbeing is promoted in partnership with families and the community. Our

program is founded on the development of positive relationships. Children are supported to develop positive dispositions to learning through engagement in wide ranging learning experiences which extend their interests, challenge them to develop new knowledge and skills and which provide opportunities for success for all children.

Joint programmes/special curriculum projects

Wide ranging universal and targeted programs are available for children and families in partnership with our partner government agencies and non government organisations. Staff at the centre work closely with staff from Woodcroft Primary School and other local schools to promote smooth transition and continuity of learning as they move across programs and settings.

4. Centre Based Staff

Staff Profile

Our staff team includes:

- ❖ A centre Director who leads the centre operations and program development.
- ❖ Registered early childhood teachers and Early Childhood Workers (ECWs) work in our preschool program and are appointed to meet DECD and ACECQA standards and regulations.
- ❖ Staff in our Occasional Care program include an Early Childhood Worker level 2 (ECW2) (for our over 2 year old program) and an ECW1 who supports our under 2 year old program.
- ❖ A fulltime Community Development Coordinator, part time Family Services Coordinator, Speech Pathologist and Occupational Therapist are also allocated to the centre to provide a range of family and community support and capacity building programs and services.

Performance Management Program

All staff engage in Performance Development processes in line with Department for Education policies

Access to special support staff

Access to special support staff – a number of support staff attend the centre regularly to compliment the work undertaken by centre staff to maximise

health and wellbeing outcomes for children with additional needs. Department for Education speech pathologists, psychologists, social workers and special educators undertake assessments and provide support to parents and children. Preschool Support and Bilingual Support Workers support children during regular preschool sessions.

Other

Staff from a number of government and non government agencies provide universal and targeted programs and support for families as part of our intergrated children's centre program (eg CAFHS screenings, playgroups etc)

5. Centre Facilities

Buildings and grounds

The centre is a modern purpose built centre which was first opened in November 1996. Extensions to the building which have enabled a change in focus from a stand alone preschool to an integrated service delivery site were opened in February 2012.

Capacity (per preschool session): 85 (across preschool and Occasional Care Rooms)

Centre Ownership: Department for Education

Access for children and staff with disabilities: The centre has disability access
